NOTIFICATIONS.

Fort St. George, January 31, 1923.

No. 22.—The following Circular letter is published:—

No. T.M. 24-1-450, dated the 24th January 1923.

From—W. D. WOODHAM, Esq., Accountant-General, Madras.

To—All Heads of Departments.

I have the honour to invite a reference to G.O. No. 711, Finance, dated 14th July 1921, authorising Heads of departments to fix the initial pay of subordinates under their control in the time-scales that are being sanctioned with effect from 1st March 1921 in accordance with the rules contained in the annexure to the Government Order.

2. The initial pay of the members borne on an establishment can be finally settled only on receipt of sanction of Government to the proposition submitted for its revision on the time-scale basis, but the preliminary calculations should all be made beforehand on the basis of the proposals submitted to Government, in accordance with the prescribed standard scales, so that there may be no delay in giving effect to the proposals as soon as they are sanctioned.

3. An audit by this office will have to be conducted in future with reference to the initial pay fixed for each subordinate, I request that a statement of initial pay fixed by you for the subordinates under your control may be immediately furnished, if this has not already been done, in respect of establishments the proposition statements for the revision of which have already been sanctioned by Government. In other cases, the statement of initial pay should be sent as soon as the proposition statement is sanctioned by Government.

4. The following instructions may kindly be followed in the preparation of the statement:—

(i) It should contain in separate columns—

- (a) the name of each subordinate;
- (b) his rate of substantive pay on 28th February 1921 including temporary addition;
- (c) his scale of pay in the revision;
- (d) the initial pay fixed for him on 1st March 1921, personal allowances if any, being shown distinct from pay proper;
- (e) the date of next increment; and
- (f) remarks.

(ii) It should be clearly explained in the remarks column on what basis the initial pay has been fixed, whether with reference to the temporary rate of pay on 28th February 1921 or with reference to the lowest rate of salary in the three months preceding 1st March 1921. In the latter case, full particulars of the nature of salary drawn for the three months should be furnished giving reference to the nature of arrangement, the number in the absence statement, etc., so that the figures may be easily checked by my office.

(iii) If the subordinates are borne on a Provincial, circle or district scale, the statement to be sent should be a consolidated one for the whole province, circle or district, in detail of the several grades or classes, the station to which the subordinates are attached being also furnished in the statement. If, on the other hand, they are borne on an office scale, the statement shall be in detail of the sections merely recognised in the preparation of the establishment bills.

(iv) The statement need not include the names of menials in detail. It would suffice if, in their case, an abstract is given of the numbers started on each stage in the scale of pay sanctioned for them.

5. In connection with the preparation of the above statement, I would urge upon you the importance of a close scrutiny of the initial pay fixed for each subordinate, as any mistake in it would mean recurring loss to Government.

6. The statement furnished by you will be checked by my Central office as far as possible and any corrections found necessary will be communicated to you.

7. The local officers are to some extent acquainted with the application of the rules issued in G.O. No. 711, Finance, dated 11th July 1921, for the fixing of the initial pay and references are being freely made where any doubt or difficulty is met with. A few subsidiary instructions of a general character bearing on the application of the rules are, however, appended to this letter.

8. After the initial pay on 1st March 1921 of the members of an establishment is finally fixed on receipt of sanction to the proposition statement, I request that a second statement be prepared and sent to this office showing therein the pay due to each subordinate from 1st March 1921 to the latest completed month at the rate fixed for him, the salary already drawn for the several months and the difference due to or from him. Supplemental bills may then be drawn for the amounts due to the subordinates according to this statement and steps should be taken for the recovery of excess payments.

APPENDIX.

Subsidiary Instructions to the rules contained in the Annexure to G.O. No. 711, Finance, dated 11th July 1921.

Rule 1—(a) The sanction of fixing the initial pay of a subordinate with reference to the lowest rate of salary on any date within the period of three months prior to 1st March 1921 allowed for this rule can only be effective if the subordinate had acting promotion for the entire period of those months. If there was any break and if that break is not covered by the application of rule 6 or rule 8, the pay including temporary addition on the 28th February 1921 should alone be taken into account in fixing the initial pay. The salary of permanent men drawn in temporary posts in the same department may be taken into account for the purpose of fixing the initial pay subject to the restriction in rule 4.

(b) The expression 'temporary pay' in the first sentence of the rule denotes the subsisting pay in a permanent post including temporary addition admissible under G.O. No. 700, Finance, dated 2nd August 1920, and No. 783, Finance, dated 22nd August 1920, and not the pay of a temporary post.

(c) The rule is for servants primarily contemplate the fixing of the initial pay of permanent Government servants. The question of extending the rule to men without sanction of Government.

Rule 4—This rule repeats the sanction allowed by rule 1 of calculating the initial pay on the lowest rate of salary drawn on any date within the three months prior to 1st March 1921. The benefit of the existing promotion to a higher post during the period can be given to a subordinate, only if after 1st March 1921 no affecting promotion would be admissible to dated 17th December 1920. If affecting promotion to that post were admissible after 1st March 1921, the initial pay of the subordinate should be fixed solely with reference to his 'temporary pay' on 28th February 1921 unless during the period of three months there was an acting vacancy of a lower grade post to which acting promotion is not permissible under the new rules after 1st March 1921 in which case, the initial pay may be fixed with reference to the salary he would have got if he had officiated in that post.

[To illustrate the working of the rule by some concrete examples, we may take the case of a Deputy Tahsildar A on Rs. 125 who was officiating as a Tahsildar on Rs. 200 during the three months prior to 1st March 1921. The salary that he would have drawn monthly on Rs. 125 (Rs. 125 plus temporary addition Rs. 50 plus acting allowances 2 (300 plus 40)), but his initial pay as 1st March 1921 in his permanent post cannot be fixed at Rs. 125 as under the new rules a Deputy Tahsildar may be promoted to officiate as a Tahsildar. If, however, his next junior B had officiated as Deputy Tahsildar on Rs. 150, during the period, then A may be considered to have officiated in this post and his initial pay on 1st March 1921 may be

fixed at Rs. 180, the salary he would have got while so officiating. The initial pay of B in this case will not be affected by the constructive promotion of A, during the period of three months prior to 1st March 1921, and it will be independently fixed by an application of rules 1 and 4 as explained above.

To take another case of a clerk on Rs. 50 in the Collector's office who had officiated as a Vernacular Head Clerk in the same office as Rs. 70 during the period of three months, the salary that he would have drawn in Rs. 52½ a month [pay Rs. 50 plus temporary addition Rs. 10 plus acting allowance ½ (70 plus 10)]. The post of Vernacular Head Clerk comes under the category below 'Land Revenue Department' in page 3 of G.O. No. 215, Finance, dated 4th March 1921, the pay in this designation being fixed at Rs. 90. As officiating promotion to this post will be admissible under the new rules, the clerk under reference cannot get his initial pay on 1st March 1921 based on the salary of Rs. 52½ but of his immediate junior had been officiating as a clerk on Rs. 40 during the same period, the former may be treated as having officiated in this post and his initial pay fixed on the salary he would accordingly have got, viz., Rs. 70. This is permissible as both the posts, viz., Rs. 50 and Rs. 90 under the old scale have been brought into the same revised scale of Rs. 50—6—80.

To take a third instance of a clerk in the Collector's office on Rs. 35 officiating on Rs. 50 during the period, the salary that he would have drawn would be Rs. 45 a month and his initial pay in the revised time-scale of his permanent post of Rs. 35—40 can be fixed at Rs. 38 (the stage next higher than Rs. 40) provided that the Government declare that an officiating promotion is permissible in Collector's offices between the lower scale of Rs. 35—40 and the higher scale of Rs. 40—50.]

Rule 2.—The calculation of the salary of subordinates on long leave or special duty and they had not been on long leave or special duty does not involve the ignoring of the acting allowances drawn by juniors who happened to officiate consequent on the long leave, or special duty, in the fixing of their initial pay, as no reduction of the first last draw in rules 4 and 5 are contemplated in the working of rule 3. But the restriction in rule 4 will apply.

Rules 6 and 7.—It should be seen that when the senior has given the benefits of these rules, the juniors who actually got the officiating promotions during the period do not also give the benefit of such promotion in the fixing of their initial pay.

Rule 9.—The old scale of pay which a subordinate may start in acting under this rule and article 108 of the Civil Service Regulations is the pay of the post including the temporary addition admissible under G.O. No. 706, Finance, dated 2nd August 1920, and No. 732, Finance, dated 26th August 1920.

NOTICE.

An Agricultural Middle School will be opened at the Taliparamba Government farm, North Malabar, early next year. The school buildings will be near the farm, about 1½ miles from the town of Taliparamba. The course given at this school is intended for the sons of agriculturists. The course is designed to instruct them in the sciences which underlie the ordinary agricultural practices, so that they may understand what improvements are possible and how these may be introduced. The students will be given practical instruction in ordinary cultivation work, on the wet and dry lands attached to the school. They will also be shown the improvements made on the Taliparamba Government farm. At the same time the boys will be instructed in reading, writing, arithmetic, geography, natural history, etc. It must be clearly understood that this course does not qualify for any appointment under Government. The course is not intended for those who wish to enter Government service or to take up any profession other than that of an agriculturist. The course is intended for the boys who will adhere to their ancestral occupation of agriculturists, and is designed to make them better agriculturists than their ancestors were.

The boys will live at the school. There will be three terms in a year, i.e., May 1st to August 15th, September 15th to December 15th and January 15th to March 31st.

The fee charged will be Rs. 15 per term or Rs. 45 for the year. This fee includes everything, board and tuition. The full course will last two years. The time of entrance has been arranged so that the boys will be able to use their own expense money growing at home and manage their work the more they themselves grow at school. The school will receive one adult male boy. Those who want to read their sons or nephews should apply to the Deputy District Agent, VII District, Taliparamba. To be admitted to the school boys should have passed the 5th standard of an elementary school or the corresponding class of a secondary school.

UNIVERSITY OF MADRAS.

RULES AND REGULATIONS FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL LEAVING CERTIFICATE TO UNIVERSITY COURSES OF STUDY.

I. Admission of holders of secondary school-leaving certificates in University courses of study in the academic year 1931-32 and subsequent years shall be made only in accordance with the several rules and provisions of the Syllabus, as amended.

II. Such holders only of completed secondary school-leaving certificates may be admitted to University courses of study and registered as matriculants under regulation 1 of Chapter XVI (a), (c) and (d) completed not less than 15 years of age on the first day of the month in which the examination qualifying for such certificate is held unless specially exempted from this provision of this age limit by the Syndicate, and (2) have been declared eligible for such admission by the Syndicate.

III. A complete list of certificate holders declared eligible for admission to University courses of study will be published annually in the Port St. George Gazette, and a copy of this list will be furnished to each Principal of an affiliated college. A certificate-holder not included in any of these lists will not be entitled to registration as a matriculant under Regulation 1 of Chapter XVI except as provided in paragraph VII below.

IV. In the case of certificate holders under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible by the Syndicate for admission to University courses of study:—

A. Secondary school-leaving certificate-holders shall be eligible for admission to University courses of study whose marks in the Public Examination or whose marks after moderation are

(a) in Group A subjects
either

(i) in English five marks above the Provisional average and in each of the other two subjects (except Vernacular Composition and Translation) in the case of school pupils whose marks were secured by the Director of Public Instruction (the study of the subject under Group A), not less than the Provisional average;

(ii) if the total marks, in English 50 per cent and in each of the other two subjects (except Vernacular Composition and Translation) in the case of school pupils whose marks were secured by the Director of Public Instruction (the study of the subject under Group A), 45 per cent;

(b) in Group C subjects
either

(i) five marks above the Provisional average in Algebra and Geometry, or Physics, or Chemistry, or English History, and not less than the Provisional average in any other subject;

(ii) if the total marks, 45 per cent in Algebra and Geometry, or Physics, or Chemistry, or English History, and 35 per cent in one other subject.

B. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition or in Elementary Mathematics shall be eligible for admission, provided he obtains scores rising in English and the other subject of Group A taken together equal in number to twice the number of marks by which he is deficient in the subjects in which he fails.

C. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition and in Elementary Mathematics shall be eligible for admission, provided he obtains scores rising in English equal in number to twice the total number of marks by which he is deficient in the two other subjects.

D. A secondary school-leaving certificate-holder who qualifies in one of the four selected subjects in Group C but who fails to qualify in a second subject of that group shall be eligible for admission, provided that in the former subject he obtains scores (marks equal in number to twice the number of marks by which he is deficient) in the latter subject.

E. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition, or Elementary Mathematics, or in both, and also in a second subject of Group C may be declared eligible for admission, provided that he obtains scores (marks as above) both in the other subject or subjects in Group A and in one of the four selected subjects of Group C.

F. The eligibility of a school-leaving certificate-holder will be determined for each Group of subjects separately, by the list of Provisional averages or fixed percentages throughout, or by the list of Provisional averages in Group A and fixed percentages in Group C, or vice versa.

G. A secondary school-leaving certificate-holder who fails to qualify under the preceding rules by reason of deficiency of marks.

(a) in one subject only—
will be declared eligible for admission,

if the deficiency of marks is not more than one mark, irrespective of his total marks

provided that the deficiency of marks

is not more than 5 marks.

Do. do. 5 "
Do. do. 4 "
Do. do. 3 "

and so on

If the total marks amount to

not less than 200

Do. 200

Do. 200

Do. 200

(b) in two subjects only—

will be declared eligible for admission

provided that the deficiency is not

more than 1 mark in one subject

and 1 mark in the other subject.

Do. 1 mark and 2 marks

Do. 2 marks and 3 marks

If the total marks amount to

not less than 250

Do. 250

Do. 250

For the purpose of this rule, in calculating the total marks gained, the higher mark obtained in each subject will be selected, whether examination mark or modelled mark, and in calculating the deficiency of marks the smaller deficiency will be selected after application of both alterations in rules 3 and 4 and after applying rules 5, 6 and 7.

In the case of a secondary school-leaving certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and one other subject only under Group C, the total marks required under this rule will be reduced by one-fifth, provided always that in the case of such certificate-holder no total number of marks will be allowed to compensate for deficiency of marks in the language or in those under Group C.

In the case of a certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and one other subject under Group C, the total marks required under this rule will not be reduced (his marks in each of the five subjects being taken into account), and compensation for the deficiency of marks will be admissible under this rule irrespective of subject.

7. The reduction of the marks obtained by a holder of a secondary school-leaving certificate for the purpose of this rule will be effected as follows:—

The total marks gained by him for the last year at school in each subject will be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark obtained at the certificate from the school actually appearing for the Public Examination. The figure thus obtained will be added to the individual mark gained by him at the Public Examination and the total will then be divided by two to obtain the final modelled mark.

8. In the case of certificate-holder under the authority at Native States in the territorial jurisdiction of the University, similar standards for admission will be applied.

9. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A, and in two subjects of Group C. His merit again appearing at the Public Examination at the close of this supplementary course and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the supplementary examinations. Also in the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the supplementary examinations.

10. Hereafter candidates for admission to colleges, whose last appearance at the Public Examination was in 1918 or earlier, must submit their certificate to this effect for inspection not later than the 30th April. Every such certificate will be judged by examination marks alone according to the rules in force for certificate candidates in the year in which it is submitted his acceptance except that the best performance in each subject in any year will be taken into consideration.

11. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges for Women will be permitted to make admissions at their discretion of female holders of secondary school leaving certificates whether or not the names of such holders of certificates are included in the published list of certificate-holders eligible for admission to University courses of study. Certificate-holders so admitted to Colleges for Women will be registered as matriculates under regulation 1 of chapter XVI.

12. The lists published annually in the Fort St. George Gazette will contain the names of all certificate holders found to be eligible for admission to University courses of study in affiliated colleges other than Colleges for Women, under the rules and provisions issued by the Statutory. It is, however, to be clearly understood that inclusion in the last notices as certificate holders the right of admission to any affiliated college. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may wish and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their authorities, may be expected to profit by the particular course of study upon which they propose to enter in the college selected.

INDUSTRIAL, SCHOLARSHIP

Industrial scholarships will be awarded by the Director of Industries to pupils pursuing a trade or profession in recognized industrial schools or in selected apprenticeship (day or night) training properly arranged apprenticeships or a specified term of training in workshops or mills where provision

be made for the apprentices receiving them instruction in working hours for not less than four hours per week in which the scholars are to receive their value as artisans or apprentices as recognition of their progress. The aim of these scholarships is to encourage deserving apprentices and pupils to complete their whole apprenticeship on period of training at the institution as workshop and so to want about their present hardship of apprentices to move from workshop to workshop in search of a few more shillings in wages to the detriment of their training and the advantage of their employers.

3. For the present, sixty scholarships will be awarded per annum in the approved schools or workshops or both for a period of five years or such shorter term of apprenticeship as may be usual in the particular trade or occupation.

The scholarships will be of the value also—

Rs. 5-8	per month	during the first year of training.
" 5	"	second "
" 5	"	third "
" 5	"	fourth "
" 7-8	"	fifth "

A bonus equivalent to two months' average scholarship will be granted for each year of training in each of the apprentices who satisfactorily complete the whole period of training agreed on at the commencement of the scholarship.

The conditions of award will be as follows:—

(1) All scholarship-holders shall be on probation for six months, after which the scholarship will be continued or withdrawn after consideration of a report from the employer or teacher regarding the scholar's work. Scholarships will ordinarily be granted to members of the artisan union or to others whose families are already in the trade.

(2) No scholarship will be granted to scholars who are over seventeen years of age at the commencement of their apprenticeship, but in the case of Mohammedan students, the age limit may be raised by two years.

(3) A general educational statement of merit should be such as would enable them to profit by the training provided. Ordinarily a standard 8 pass in the primary grade will be regarded as the absolute minimum, but the nature of the trade to be followed, the pecuniary circumstances of the scholar, and his general aptness for the work will be taken into account in deciding whether a candidate is qualified for the scholarship.

(4) The candidate and his guardian must enter into an agreement with the employer that he will faithfully fulfil the conditions of apprenticeship, and unless prevented by sickness or other circumstances beyond his control, serve the full term of apprenticeship that may be agreed on.

General Regulations.

DEPARTMENT OF AGRICULTURE, MADRAS.

FOODCROP CROP OR 1931-32—THIRD REPORT.

(On an average of the five years ending 1919-23. The area under sugarcane in the Madras Presidency has represented some 4.2 per cent of the total area under agriculture in 1919-23.)

The area planted with sugarcane up to the end of December 1931 is estimated at 281,392 acres which is 55 per cent above the last year's estimate of 175,000 acres. The total area in 1931-32 was 165,568 acres. The increase is general but is greatest in the Coimbatore district and the South Arcot District where the area has increased by about 47 per cent. This is due to the clearing effect of the high prices of sugar at the planting season and to the generally favourable season.

V1. At the close of each day's sale, the deposits made by the successful bidder will be retained by the selling officer, or others on at the close of the day's sale, within a further deposit of half a month's rent (in addition to the deposit made under clause I) for each shop unless the said deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause I will be forfeited and the shop will be put up again, immediately by the selling officer or the above mentioned or otherwise deposited by the Collector and the defaulter will be debared from bidding again by the same or for any other shop in the same that is proposed.

VII. Any person to whom a shop has been assigned there and who has made deposits as provided in clauses I and VI shall also deposit, in cash or approved securities, within ten days from the date of assignment of the Collector's acceptance of the bid, such further sum as with the former deposit will make up two months' rent and shall without unnecessary delay take out a license on the conditions hereafter set forth. In the event of the purchaser's death after years of the license, his heirs and assigns shall be responsible for all monies then may become due to Government under the terms of the license as well as for the proper observance of all the conditions of the license. Should the stated deposit exceed two months' rental, the excess will be refunded unless the purchaser is required to deposit more than such other clause VIII notes.

VIII. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental or sufficient to the sum provided in clause VII says, or to execute a mortgage of his immovable property in favour of the Government for all monies that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be assigned in default of payment thereof by the purchaser. The following notification is issued in pursuance of Notification No. 3, dated 14th January 1922, published in the Supplement to the Port St. George Gazette, Part I, dated 14th January 1922:—

In pursuance of the power conferred on him under section 4 (j) of the Indian Opium Act (J. of 1911), the Commissioner of Port, Harbour and Revenue Districts, under section 54 of the Act, the following rules regarding the sale of foreign liquor are fixed for the commencing business, holding out the sale of potable foreign liquors from and after the 1st April 1922 within the limits of the Madras Presidency:—

1. The term "foreign liquor" in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain distilled spirits imported or made in India and on which the full rate of duty has been paid; fermented malted and solid manufactured or compounded in the country and made in India and foreign to reasonable gin, brandy, whiskey or rum distilled at the half rate of import duty; and beer brewed in India or beer imported in a condensed form and afterwards fermented into potable beer and duly taxed, but excludes distilled spirits and ordinary malted. In the case of liquors in bottles, draughts and other approved forms or persons, however, for the sale of pure distilled spirits only, the term "foreign liquor" means pure distilled spirits imported from foreign countries by sea or manufactured in the country and distilled at the half rate of duty.

Note.—The minimum strength of which imported and locally pure foreign spirits may be sold are 80° U.P. for gin and 50° U.P. for all other kinds of spirits including Indian brand, except distilled spirits and malted malt.

2. Indian beer is beer brewed in India (a) which contains at least two bushels of malt and two pounds of hops per hectolitre and to the manufacture of which payment or credit is made to the Government, (b) which is brewed at a higher alcohol gravity than 1.030° on a standard measurement and (c) the maximum price of which at the brewery is Rs. 40-0-0 per hectolitre plus the excise duty in force at the time of issue.

3. Licenses for the sale of foreign liquors shall be of the following descriptions:—

1. *Wholesale license for the sale of foreign liquor not to be drunk in the premises*—This will be issued on an annual fee of Rs. 210 at the discretion of Collector. Under this license the sale of liquor in quantities less than two imperial gallons or a dozen repeated quart bottles or two dozen repeated pint bottles of each kind at a time is prohibited. The holder of this license will have the privilege of selling to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this license will not be allowed to sell "Indian" beer.

2. *Retail license for the sale of foreign liquor not to be drunk in the premises in any person*—This will be of two kinds—one for the sale of all kinds of foreign liquors, except "Indian" beer and the other for the sale of beer brewed in India.

- * (d) The licence will be issued at the discretion of the Board and Collector on payment of an annual fee of Rs. 1,000 in the Nilgiris except Ootacamund, Rs. 500 in the case of Madras, Rs. 250 in towns having a population of 20,000 and over and in Kodaikanal, Yercaud and Coimbatore, and Rs. 100 in the rest of the Presidency. No liquor may be sold under these licences otherwise than in residences in hotels and boarding-houses for their own use and that of their guests, or to casual visitors requesting liquor with the meal or meals ordered to them.

This will cover the sale of foreign liquor under the same conditions and to the same extent as the hotel licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Board of Revenue. The fee in each case will be fixed by the Board and the licence will entitle the holder to sell to all persons.

- IV. *Refreshment-room licence* will be of two classes—

- (a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of telegraphic communication*.—The annual fee will be Rs. 500 in Madras and Rs. 250 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have no portion of meals in the refreshment-rooms is permitted to such an extent as to be prejudicial to the revenue or to the public health or to the peace of the community. The licence will not be altered under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Ootacamund and Coimbatore and of Rs. 25 in the rest of the Presidency.

It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have no portion of meals in the refreshment-rooms is permitted to such an extent as to be prejudicial to the revenue or to the public health or to the peace of the community. The licence will not be altered under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Ootacamund and Coimbatore and of Rs. 25 in the rest of the Presidency.

V. *General licence*, such as licences for the sale of refreshment while in connection with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at a time and at such fee not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licence* will also be granted by Collectors in consultation with the officers of the Salt, Alkali and Customs Department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may in such cases determine.

VII. *Licences for hotels*.—Annual fee, Rs. 5. The following are important provisions of this licence—

- (a) Liability to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that attending purchasers may have the opportunity of judging high class wines and spirits at their own houses before the retail sale.

Pure rectified spirits must not be sold under these licences for other than *best food medicinal, industrial and scientific purposes*, and the maximum limit of sale at one time in the same place, is restricted to one reported pint in the case of sale to a private individual, two reported quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Board or Municipal hospital.

IX. *Licence for the sale of undistilled wine and similar preparations containing 20 per cent and upwards but not more than 50 per cent of pure spirit* will be issued by Collectors on payment of an annual fee of Rs. 10.

X. *Licence for compounding and blending foreign liquors* will be granted to holders of wholesale licences by Collectors and issuers for compounding to licensed distillers by the Assistant Commissioner of Distinctions on payment of an annual fee of Rs. 250.

* Here—in places where there are bar rooms, instead of retail licences for the sale of all kinds of liquors, liquor is sold in bar rooms. Bar will be permitted to sell but not to deliver liquor except in bar rooms or in the bar room at which it was brewed.

4. *License for the holding of foreign liquors, spirit, beer, brandy, &c., will be granted to holders of wholesale licenses by Collectors and to licensed distillers by the Assistant Commissioner of Distilleries on payment of an annual fee of Rs. 50.*

5. *Any two or more of the above kinds of licenses may be granted to the same person for the sale of liquor in the same premises.*

6. *No provision shall be made for the sale of liquor at once and sold approved by the Collector.*

7. *All licenses shall maintain and furnish to Collectors statistics showing separately the consumption of imported foreign liquors and locally-made spirits and liquors.*

9. *The fixed fee amounting Rs. 50 on all licenses (other than special and occasional licenses) will be payable in two instalments, one-half being payable when the license is issued and the other half at the beginning of the second half year, viz., 1st October.*

10. *For the convenience of the trade, Collectors will, as far as possible, receive and dispose of applications for licenses under clause IV (b) to be made effect during the defining official year before the license runs for that year. Licenses for the sale of liquor in national refreshment-rooms should be very sparingly given.*

11. *All further information may be obtained and forms of licenses may be procured at a charge of two annas each at the offices of Collectors.*
